MEMORANDUM FOR: Chief, Policy and Plans Group

FROM:

[redacted]
Deputy Director of Security (PSI)

SUBJECT:

[redacted] Polygraph

1. There is no objection to the proposed regulation as it relates to our polygraph program at the present time. However, we feel a very close review should be made of paragraph 3a(2) which relates to staff status or staff-like access to Agency facilities.

2. By memorandum dated 10 May 1977 the Director of Security has urged the Director of Central Intelligence to establish an industrial polygraph program, which focuses on contractor employees having access to sensitive Agency material, as opposed to facilities. Other correspondence is being generated pressing for the immediate establishment of an industrial polygraph program, and we are in touch with the Office of General Counsel on the proposal.

3. In view of the above, we urge that action be delayed on the new regulation, or that the language of paragraph 3a(2) be appropriately broadened to cover a selective polygraph program in industry.
